

CONSTRUCTION PRACTICE GROUP

Built to ensure your success.

We know what it's like.

You've got tough customers to satisfy, performance deadlines to meet, new contracts to win - and little time to get it all done. Clearly, when it comes to your surety and insurance advisor, this is no time for on-the-job training. It's time instead to consider working with the professionals at The Hilb Group's Construction Practice Group. Expect us to understand your business, because we do. We are immersed in the construction industry, and deeply networked to offer you instant and continuous access to an uncommon knowledge base. From sophisticated bonding solutions to advanced insurance strategies, from property and casualty coverage to employee benefits compliance expertise, we're redefining superior risk management for a growing roster of clients throughout the region.

The Hilb Group is an exclusive member of The Surety Alliance, an organization that extends our capabilities - and your opportunities - both nationally and internationally. www.thesuretyalliance.com

At The Hilb Group, we have advisors dedicated to the insurance, surety, and financial needs of the construction industry.

Certainty in surety.

Surety. It is a specialty within our specialty, the lifeblood of many contractors, and a vital component in seeing to it that structures, roads, bridges and tunnels get built. At The Hilb Group, we're surety specialists, proud of our carrier relationships and continually involved in the due diligence it takes to establish lines of credit on your behalf. We stand ready to establish and optimize the flow of surety credit that fully supports your business plan.

The Hilb Group CPG playbook: Hand-offs are not a part of it.

When you work with the Construction Practice Group, you'll find that there is no such thing as the second team. The executives you meet on the first day are also your day-to-day contacts, always there to talk strategy, recommend solutions and take ownership of your risk-management challenges.
