

## PROFESSIONAL SERVICES PRACTICE GROUP

Experience that works hard for professionals and their organizations.

### **Safeguarding your future, by minimizing your risks.**

You're an architect. Or a lawyer. Or an advertising executive. You're good at what you do, but what's your exposure? Contractually speaking, what are your duties, and what are you responsible for? In an increasingly litigious age, you need a partner that understands the nuances of your industry before someone decides you're professionally liable. The Hilb Group professionals mitigate risks from Day One and intercede on your behalf at a moment's notice.

### ***That sounds a lot like us.***

At The Hilb Group, we understand that architects, law firms, advertising agencies, real estate offices, temp agencies and similar organizations face a unique set of risks. Ours is a reliable firm with a Professional Services Group capable of responding to every contingency.

### ***How does your current policy define your "professional service?"***

*An architect can also function as a project manager. A policy that's less than comprehensive can address your risk as architect and leave you totally exposed as project manager. At The Hilb Group, we take care to address all services you offer as a professional.*

### **How do we succeed? First, last, and always: we listen.**

Hilb's Professional Services Practice Group takes the time to thoroughly understand your organization, your vision and your risks. Thus equipped, we're able to develop an insurance program as unique as your organization. Our in-depth understanding of errors and omissions coverage offers you unsurpassed protection when you need it most. From customized, industry-specific property and casualty solutions to employee benefits liability programs, we're redefining superior risk management for a growing roster of clients throughout the country.

### **The Hilb Group playbook: Hand-offs are not a part of it.**

When you work with the Professional Services Practice Group, you'll find that there is no such thing as the second-string team. The executives you meet on the first day are also your day-to-day contacts, always there to talk strategy, recommend solutions and take ownership of your risk-management challenges. We're hands-on. ***Just like you are.***

### **Raise your expectations. (First step: See what you're missing.)**
